Re: Shared Detention Reserve at 1400 E Henderson Road, Angleton TX 77515

To Whom it May Concern:

This letter generally describes the arrangement for granting access to the shared detention reserve as described in document number 2020005611 found in Brazoria County Clerk records between:

(1) Texas Angleton Ranch at 1400, LLC (Texas Angleton Ranch Apartments, "TAR") @ 1400 E Henderson Rd, Angleton, TX 77515

and

(2) Angleton Land Development ("ALD") – the 4.986 acre bare lot located immediately adjacent to the East of TAR, with legal description "MEADOW CREEK (ANGLETON) LOT A (APARTMENT AREA) ACRES 4.987" per Brazoria County Appraisal District records

Near the southeast border of TAR at Brushy Bayou, east of the central interior driveway, is approximately 3000 square feet of triangular-shaped land that is currently bare, holding three dumpsters that serve the needs for the entire TAR apartment complex. Most of the space within the triangle is not utilized, and at times accumulates trash due to tenant carelessness. Designating this area as a reserve with the adjacent land owner, ALD, shall directly enhance the overall appearance of the existing TAR and benefit tenants by providing for:

- New wood fencing along the west border of the detention reserve
- New landscaping adjacent to the above-mentioned fenced area
- Separation of the three dumpsters across the main driveway from a single location, providing for easier accessibility for tenants
- Engagement of a professional engineer to review the existing parking configuration and creation of a striping plan for the parking lot

The re-distribution effort of dumpsters to locations closer to the dwelling units may result in an overall reduction of two parking spaces. This is acceptable considering ample availability in the parking lot and the benefits listed above.

Dear Mr. Karani:

The Angleton Drainage District acknowledges receipts of all fees due from your company, that a permanent drainage easement was obtained for your detention requirements and the flow of the pipe has been corrected.

As originally presented, the proposed development is to have detention but the detention is on the neighboring property. Proof of an agreement or purchase of easement for the detention was requested by the District. The drawing had the pipe flowing in the wrong direction which has now been corrected. Also, reimbursement for fees due the District have been received.

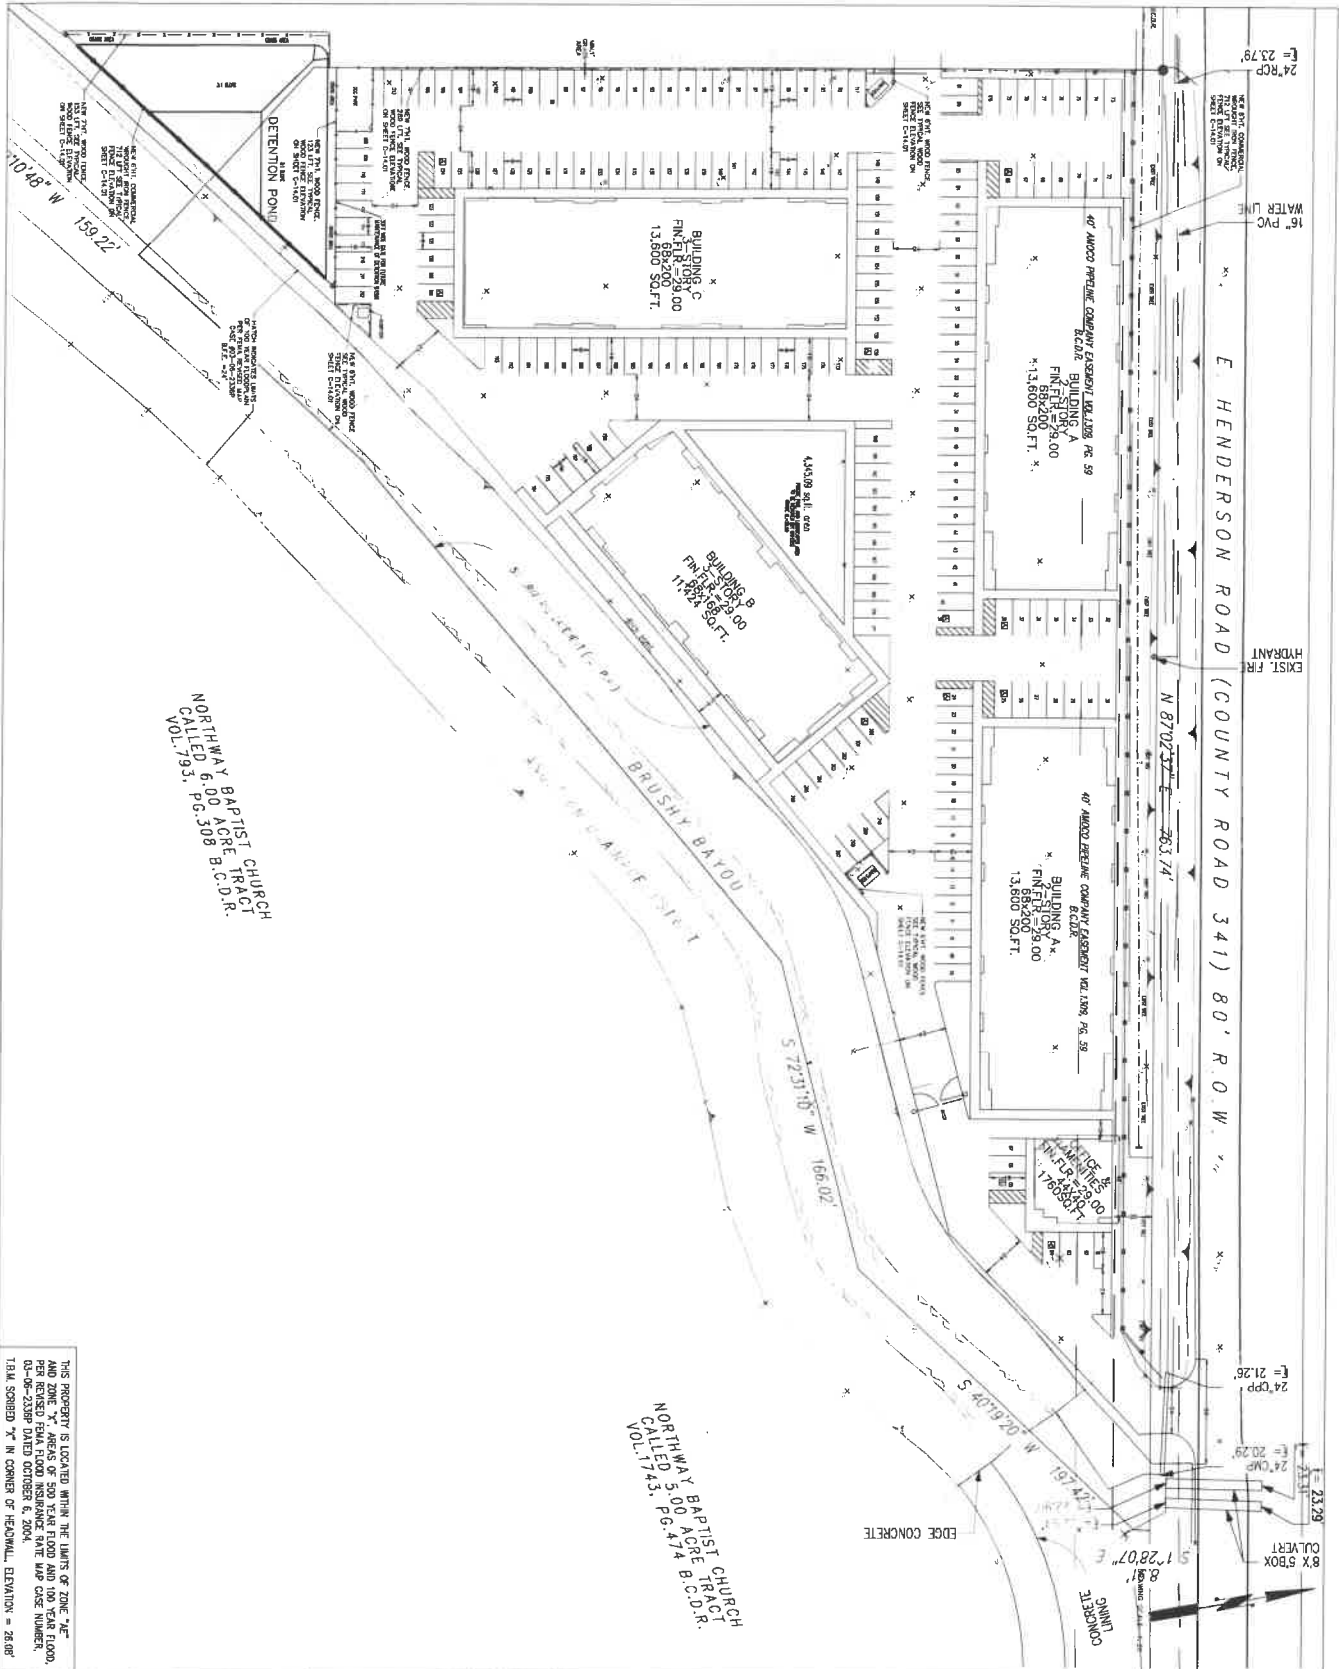

If any structures are added to this site in the future, a subsequent review by the Angleton Drainage District will be required to ensure there are no adverse impacts to adjacent landowners.

Approval of this drainage and detention plan in no way represents that Henderson MultiFamily has complied with any federal, state, county or other law, statute, procedure or requirement of any type beyond the approval of the drainage and detention plan approved, with the stipulations listed in this letter, if any, by the District.

Sincerely,
