

Angleton Police Department

Protecting with Purpose, and Serving with Pride

Aaron Ausmus
Chief of Police

RESIDENTIAL SPEED SAFETY PROGRAM

Request Form

The Angleton Police Department is dedicated to keeping our citizens and neighborhoods safe in all respects. Speeding, in and around residential areas, is a common concern and complaint among members of our community. The police department has acquired a Black Cat RADAR system to address speeding concerns. This technology allows us to accurately collect comprehensive traffic data without having any sensors in the road. The technology also produces a report and analysis of traffic conditions which empowers the department to better steward taxpayer dollars and resources.

To request that the Black Cat RADAR Recorder be deployed in an area of concern, complete this form, and ELECTRONICALLY submit it to speedsafety@angletonpd.net. A printed out form also may be dropped off at the police department for processing at the address located at the bottom of form
