

# TOUCHING BASE ON BULK WASTE AND BRUSH/HEAVY TRASH PICKUP

**4 Cubic Yards**

Only put out enough for one pickup each time to keep your curb free of clutter.

What 4 cubic yards looks like.

**Within 3 Feet of Roadway**

Equipment stretches out three feet to grab your pile.

**Look Up and Over**

Be sure there are no power lines or low-hanging branches above your pile. Keep the street in front of your pile clear.
