

**Community Booth Information**  
**Saturday, December 2, 2023**  
**6:00 pm – 9:00 pm**

We're excited to announce that planning is underway for the 2023 Heart of Christmas event! Community **Booth registration will open on Friday, September 1**, and remain open until Wednesday, November 15, or until all spots are filled. To register on September 1, go to <https://secure.rec1.com/TX/angleton-tx/catalog> under the Heart of Christmas tab. There is no registration fee.

After receiving positive feedback about the 2022 event layout, we'll implement this setup again. The booth spaces are 10' x 10'. If you need more than one 10' x 10' space for your organization, you will have the option to select additional spaces during registration. We will provide enough power for each Community Booth to plug in Christmas lights. However, if you plan to have a popcorn machine or require more power, you will need to provide a quiet generator for your booth. The City of Angleton is unable to provide generators. We encourage all booths to be decorated with holiday lights and décor! Please consider using gloved hands to pass out goodies instead of giving out napkins to each guest, as these often end up on the ground.

A map showing Community Booth locations will be sent out the week of the event. There will also be signs marking each space when you arrive for setup. Community Booth setup is 1 pm to 5 pm on Saturday. More information to follow as we near the event.

This event is a gift to the community. Please note that nothing can be sold at this event. While donation boxes are acceptable, please do not solicit for your organization. We ask that your organization not start giveaways until after the lighting of the Christmas Tree at Veterans Park at 6 pm. Also, please do not start taking down your booth before the completion of the event at 9 pm.

If you have any questions or concerns, please contact Courtney Landers at 979-849-4364, ext. 2141, or email [communications@angleton.tx.us](mailto:communications@angleton.tx.us) for more information. We look forward to celebrating the spirit of the season at this great community event!

Thank you,

Courtney Landers
